

Schloss & Co, LLC announces we're Going Green.

Secure: With password protected access, paperless correspondence keeps your information private and confidential.

Convenient: View and print your information via online, days sooner than the documents are mailed to you, with all the same details. You'll even get an e-mail notification when it's ready.

Green: Less paper means fewer trees cut, and a greener environment will benefit us ALL.

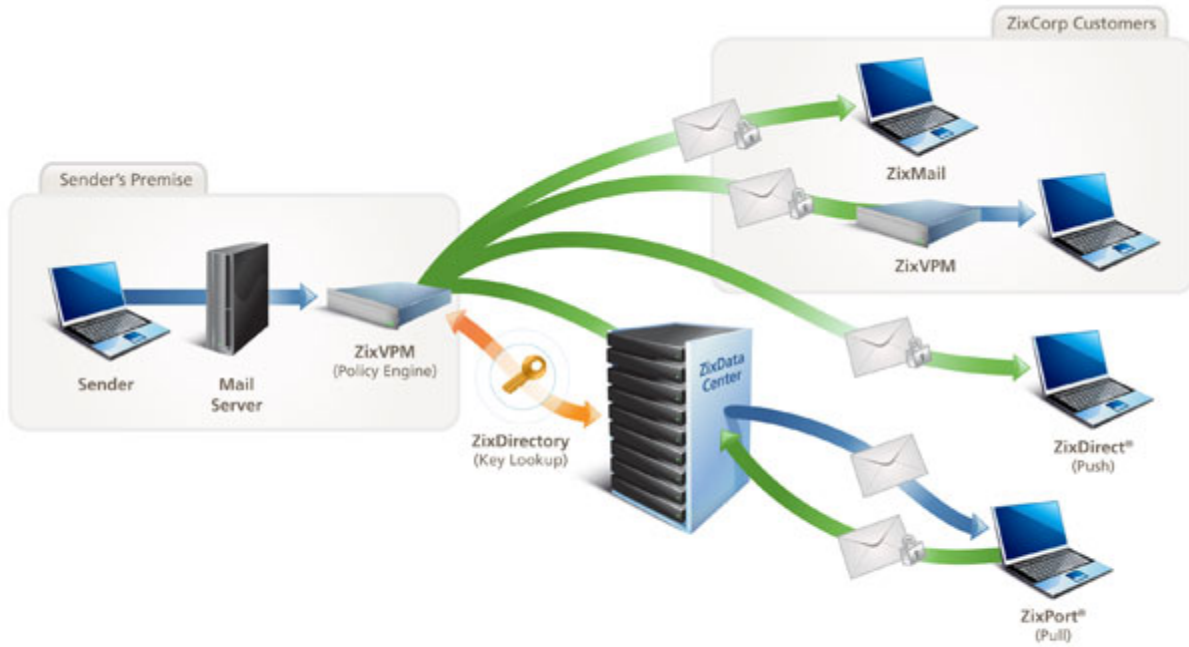

We take pride in providing our clients the highest level of qualified retirement plan expertise and services. In keeping with the newest technology available we are introducing a more efficient and timely manner of communicating information to our clients by using electronic communication methods.

In the future, you can receive such documents as annual valuations, benefit distributions, Data requests, follow-ups, loan forms and compliance notices electronically.

'E-transmissions' are encrypted and secure so that any confidential information is handled with the proper care and precautions, utilizing encryption software from '**Zixmail**'.

Please refer to http://www.zixcorp.com/solutions/ee_zixmail.php, or see the diagrams below for additional information regarding this service, and we provide this service at no additional cost.

We as a company are very concerned about our environment and the need to preserve our resources for future generations and feel that our clients have the same concerns. In addition, this method will enhance our services and be able to better serve the needs of our clientele.
