

Schloss & Co, LLC announces we're Going Green.

Secure: With password protected access, paperless correspondence keeps your information private.

Convenient: View and print your information via online, days sooner than you are mailed documents, with all the same details. You'll even get an e-mail notification when it's ready.

Green: Less paper means fewer trees cut, and a greener environment is something we can all support. We take pride in providing our clients the highest level of qualified retirement plan expertise and services. In keeping with the newest technology available we are introducing a more efficient and timely manner of communicating information to our clients by using electronic communication methods.

We take pride in providing our clients the highest level of qualified retirement plan expertise and services. In keeping with the newest technology available we are introducing a more efficient and timely manner of communicating information to our clients by using electronic communication methods.

In the future, you can receive such documents as annual valuations, benefit distributions, bills, follow-ups, loans, data requests and compliance notices electronically.

'E-transmissions' will be encrypted and secure so that any confidential information is handled with the proper care and precautions, utilizing encryption software from '**Zixmail**'.

Please refer to http://www.zixcorp.com/solutions/ee_zixmail.php or see the 'Method of Delivery Diagram' below for additional information regarding this service, and we provide this service at no cost to our clients.

We as a company are very concerned about our environment and the need to preserve our resources for future generations and feel that our clients have the same concerns. In addition this method will enhance our service and better serve the needs of our clients.
